Mission Statement

The Junior League of Waco is an organization of women committed to promoting voluntarism, developing the potential of women, and improving our community through the effective action and leadership of trained volunteers. Its purpose is exclusively educational and charitable.

Key Impact

For the past few years, we have concentrated our efforts to make an impact on the Waco community focusing on one central issue— Early Childhood Education and Development (for children ages 0-3).

Community Projects

Practical Parenting The League partners with other organizations to teach job and life skills to parents.

Family Story Night League members read and act out a children's book and give a copy of the book to each family. These events are well-attended and serve as a way to emphasize interactive literacy for both parents and children.

Educate & Collaborate Workshop Early childhood service providers in Waco must collaborate and participate in continuing education programs to ensure that families with young children have access to the best possible resources.

Parent & Child Initiative (PACI) The League hosts service fairs with organizations who provide resources and services to parents and children in McLennan County.

Thank you for your support!
